Basic How To Plant

Pot it, place it, enjoy indoor winter blooms!

- Top of bulb is exposed above the soil line
- Plant bulb roots down
- Water so the soil is moist, but do not over-water or let water sit at the bottom of the pot
- Option: set on top of rocks allowing roots to reach the water below. Do not let bulbs stand in water.
There’s something special about a classic amaryllis! Three of the most popular amaryllis, Red Lion, Apple Blossom and Minerva are all-time favorites. Display them together to create a blooming centerpiece more beautiful than cut flowers.
Amaryllis Splash

Layers of petals blooming with inspiration. Double blooms feature a brilliant white starburst in the center. Amaryllis Splash looks great as a cut flower in vases and flower arrangements or potted in your favorite decorative container.
Paperwhites

Lovely scented flowers brighten the winter months with their delicate-looking white flowers and fresh green foliage. Paperwhites make great gifts and are fun to grow!

- Plant multiple bulbs in bigger containers for a bigger display of flowers.
- Place in a burlap bag and wrap with a bow - the perfect gift for the gardener in your life!
- As an alternative to planting in soil, place bulbs atop rocks. Add an inch or two of water and let the roots find their way down to the moisture.
Amaryllis Lagoon

Sparkling, big blooms look amazing planted in pairs in your favorite decorative container or as a cut flower in centerpieces for baby showers, birthdays and dinner parties.

The Nymph Series

Short in stature, but BIG on blooms! Layers of petals create a great look with this variety. Here are our suggestions for use:

- Plant one bulb for a simple centerpiece.
- Plant multiple bulbs in bigger containers for a bigger display of flowers.
- Use the flowers to create a striking centerpiece that complements your decor.
- Cut the stem and place in a vase alone or use in bouquets.

Gift It Yourself!

What better way to personalize a gift than to do-it-yourself? Start with a bulb and get creative!

Make your own gift tags for a burlap-wrapped amaryllis bulb.

Choose a single amaryllis bulb, a burlap bag, add embellishments and gift it!

Simple last minute gift - amaryllis, decorative pot, soil, moss, ribbon and a tag.
